

## Contents of Journal of Geography, Vol. 112, 2003

### Review Articles

Title	Author	Number	Page
Morphology and Sediments of Large River Deltas .....	Kazuaki HORI and Yoshiki SAITO	3	337 359
Relationship between Global Carbon Cycle and Climate Change during Cenozoic: Is CO <sub>2</sub> the Principal Cause of Long-term Climate Change?			
.....Hirohiko KASHIWAGI and Naotatsu SHIKAZONO		4	473 488
Recent Progresses of Active Fault Research in China .....	Honglin HE and Eikichi TSUKUDA	4	489 520

### Original Articles/Special Issues

Title	Author	Number	Page
U-Pb Zircon Ages by Laser Ablation ICP-MS Technique from the Archean Felsic Intrusive and Volcanics in the North Pole Area, Western Australia			
..... Taro KABASHIMA, Yukio ISOZAKI, Takafumi HIRATA, Shigenori MARUYAMA, Kazuo KIMINAMI and Yujiro NISHIMURA		1	1 17
Active Fault along the Chelungpu Fault, Central Taiwan, Especially its Close Coincidence with the Location of the 1999 Chichi Earthquake Fault			
.....Yoko OTA, Mitsuhisa WATANABE, Yasuhiro SUZUKI and Hiroshi SAWA		1	18 34
Fission-track Dating of Tertiary Tuff Samples from the Kibi Plateau Area, Okayama Prefecture, Southwest Japan			
.....Shigeyuki SUZUKI, Tohru DANHARA and Hajime TANAKA		1	35 49
Sustaining Agricultural Activities in the Isawa Alluvial Fan, Iwate Prefecture			
.....Akira TABAYASHI, Go FUJINAGA and Akifumi NAKAMURA		1	50 72
Regional Structure of Basque Speakers and Its Causing Factors in the Autonomous Community of the Basque Country.....	Hisao ISHII	1	73 94

#### **Special Issue on “ Life on the Earth: Its Origin and Relevant Extreme Environments ”**

##### **Special Issue “ Life on the Earth: Its Origin and Relevant Extreme Environments ”:**

Foreword.....	Yukio ISOZAKI and Junzo KASAHARA	2	185 186
Mars, Panspermia, and Origin of Life: Where did it all begin? ( Review Article )			
.....Josef L. KIRSCHVINK and Benjamin P. WEISS ( Translated by Yukio ISOZAKI )		2	187 196
Experimental Test on the Last Common Ancestor: Reproduction of the Ancient Proteins ( Review Article ).....	Akihiko YAMAGISHI	2	197 207
Biosphere in 3.5 Ga Sub-marine Hydrothermal System ( Original Article ).....	Yuichiro UENO	2	208 217
Activity of Sulfate-reducing Bacteria in Archean Oceans and their Living Environments ( Original Article ).....	Takeshi KAKEGAWA	2	218 225
Extremosphere: Frontiers of the Global Biosphere ( Review Article ).....	Takeshi NAGANUMA	2	226 233
Deep Biosphere and Hydrothermal Activity: Potential Roles in the Co-evolution of Earth and Life ( Original Article ).....	Ken TAKAI and Fumio INAGAKI	2	234 249
Deep Subsurface Biosphere of a Hydrothermal Vent Field in the Manus Basin of the Western Pacific ( Original Article ).....	Hiroyuki KIMURA and Takeshi NAGANUMA	2	250 261
Microorganisms in Halite ( Review Article ).....	Masahiro KAMEKURA	2	262 276
Microbial Activity in the Subsurface Environment of the Tono Area and its Relation to Groundwater Chemistry ( Original Article )			
.....Yuki MURAKAMI, Teruki IWATSUKI and Takeshi NAGANUMA		2	277 287
Fractosphere, the Site of Hydrogeological-microbial Interaction: Current and Future Perspectives ( Original Article )			
.....Toshihiro SAKAKI, Harihar RAJARAM and Takeshi NAGANUMA		2	288 301

Symbiotic Adaptation for Deeper Habitats in Chemosynthetic Environments ( Original Article )	Yoshihiro FUJIWARA	2	302 308
New Approach to Unknown Biosphere Under Seafloor Hydrothermal Sites ( Review Article )	Akihiko MARUYAMA and Tetsuro URABE	2	309 322
<hr/>			
Alteration of Rokko Granites : Mineralogical and Magnetic Susceptibility Changes	Minoru UTADA	3	360 371
Geographical View on the Regional Context of Causes of Death Documented in Church Registers : An Analysis of Three Villages in the Province of South Tyrol in the Alps during the Modernization Era	Masahiro KAGAMI	3	372 393
Holocene Marine Terraces along the West Coast of the Asahi Mountains, Northern Japan, and their Tectonic Implications	Kumiko IKURA and Yoko OTA	3	394 405
<hr/>			
Recession Rates of Kegon Falls in Nikko, Tochigi Prefecture, Japan	Yuichi HAYAKAWA and Yukinori MATSUKURA	4	521 530
Timing and Displacement of the Most Recent Surface Faulting on the Hatano Fault of the Median Tectonic Line Active Fault System, Southwest Japan	Hideaki GOTO, Hiroyuki TSUTSUMI and Shinji TODA	4	531 543
Deformation of Fluvial Terraces along the Western Margin of the Toyama Plain, Central Japan	Yosuke NAKAMURA, Atumasa OKADA and Keiji TAKEMURA	4	544 562
Paleo-plateau / -seamount Limestone of the Cambrian Accretionary Complex in the Gornyy Altai Mountains, Southern Siberia	Yuko UCHIO, Yukio ISOZAKI, Mikhail M. BUSLOV, Tsutomu OTA, Atsushi UTSUNOMIYA and Shigenori MARUYAMA	4	563 585
Paleoceanographic Environment of Japan Sea Deduced from Chemical and Isotopic Features of Miocene-Pliocene Sedimentary Rocks	Shin-ichi KIMURA, Naotatsu SHIKAZONO and Masato NOHARA	4	586 607
<hr/>			
<b>Spical Issue of "Recent Development of Oceanic Petrology"</b>			
Preface on Spical Issue of "Recent Development of Oceanic Petrology"	Sumio MIYASHITA and Shoji ARAI	5	647 649
• Review Articles			
Reviews of Deep Drilling into Oceanic Crust	Susumu UMINO	5	650 667
Constitution of Oceanic Crust and Ocean Ridge Magmatism	Sumio MIYASHITA and Jin-ichiro MAEDA	5	668 683
Asymmetric Electrical Structures Beneath Mid-Ocean Ridges	Hiroaki TOH	5	684 691
Petrological Model of Sub-oceanic Mantle and its Bearing on the Scientific Strategy for IODP	Shoji ARAI and Natsue ABE	5	692 704
• Original Articles			
Magmatism and "Crust-mantle Boundary" on the Ultra-slow Spreading Ridge as Observed in Atlantis Bank, Southwest Indian Ridge	Takeshi MATSUMOTO, Sumio MIYASHITA, Shoji ARAI, Tomoaki MORISHITA, Jin-ichiro MAEDA, Hidenori KUMAGAI, Yukiko OHTOMO and Henry J.B.DICK	5	705 719
Magnetization of Upper Mantle: Results from Oman Samail Ophiolite	Eiichi KIKAWA, Hideo SAKAI and Tomoyuki KUDO	5	720 731
Petrogenesis of E-type Mid-Ocean Ridge Basalts near Longitude 46 °E, the Gulf of Aden	Yuji ORIHASHI, Satoru HARAGUCHI, Teruaki ISHII, Kensaku TAMAKI and Salah AL-KHIRBASH	5	732 749
Significance and Variety of Mantle-crust Boundary in the Oman Ophiolite	Jiro UESUGI, Shoji ARAI, Tomoaki MORISHITA, Kyoko MATSUKAGE, Kazuyuki KADOSHIMA, Akihiro TAMURA and Natsue ABE	5	750 768
Crustal Lithology and Stratigraphy of Remnant Arcs Induced from Ophiolitic Rocks in the			

Idonnappu Zone Accretionary Complex( Hokkaido, Japan ) Comparison with Philippine Sea Remnant Arcs.....	Hayato UEDA and Sumio MIYASHITA	5	769	780
Genetic Relationship between Quaternary NE Japan Arc Magmas and Miocene Japan Sea Back-arc Basin Basalts: Implications for a Dynamic Model of Hot Fingers in the Mantle Wedge.....	Yoshihiko TAMURA	5	781	793

---

## Special Issue on

### “ Materials Science and Seismological Approaches to Understanding Seismogenic Processes ”

Introduction to the Special Issue on Materials Science and Seismological Approaches to Understanding Seismogenic Process.....	Koichiro FUJIMOTO, Junzo KASAHARA, Koji MASUDA, Toshihiko SHIMAMOTO, Bun'ichiro SHIBAZAKI and Satoshi IDE	6	811	813
Non-asperities at Subduction Zones and Estimation of Materials at Plate Boundary ( Original Article ).....	Junzo KASAHARA, Kimihiro MOCHIZUKI, Aya KAMIMURA, Mikako NAKAMURA, Ryota HINO, Tomoaki YAMADA, Toshinori SATO, Peyman P. MOGHADDAM, Minoru NISHINO, Yasuyuki NAKAMURA and Toshihiko KANAZAWA	6	814	827
Partitioning between Co-seismic Slip and A-seismic Slip ( Review Article ) .....	Yuji YAGI and Masayuki KIKUCHI	6	828	836
Time Sequence of Deep Low-frequency Tremors in the Southwest Japan Subduction Zone: Triggering Phenomena and Periodic Activity ( Original Article ).....	Kazushige OBARA	6	837	849
Earthquake Dynamic Rupture and Stress Field around the Fault ( Original Article ) .....	Eiichi FUKUYAMA	6	850	856
Estimation of Frictional Constitutive Parameters on a Plate Boundary: Earthquakes at Asperities off Sanriku, Northeastern Japan ( Original Article ).....	Naoyuki KATO	6	857	868
Mechanical Interactions between Fluid Flow and Fault Slip: Effects on the Emergence of Regularity and Complexity in Seismicity ( Review Article ).....	Teruo YAMASHITA	6	869	884
Observation of the Seismogenic Fault in the Okitsu Melange, Shimanto Accretionary Complex and Stick Slip of Mineral Cementation of Shear Experiment ( Original Article ) .....	Arito SAKAGUCHI	6	885	896
Structures of Fault Zones in the Brittle-plastic Transition Zone of the Continental Earth's Crust: A Case Study of the Hatagawa Fault Zone ( Review Article ) .....	Norio SHIGEMATSU, Koichiro FUJIMOTO, Tomoyuki OHTANI, Hidemi TANAKA, Yukari MIYASHITA and Tomoaki TOMITA	6	897	914
Sealing Process with Calcite in the Nojima Active Fault Zone Revealed from Isotope Analysis of Calcite ( Original Article ) .....	Takashi ARAI, Hiroaki TSUKAHARA and Toshiro MORIKIYO	6	915	925
Continuity and Transport Properties of Shale Smear in Sedimental Basin ( Original Article ) .....	Miki TAKAHASHI	6	926	938
Permeability Structure and Prediction of the Development of Anomalous Fluid Pressure at Depths in the Focal Area of 1999 Chi-Chi Earthquake ( Original Article ) .....	Wataru TANIKAWA, Toshihiko SHIMAMOTO, Wheng-Kuen WEY, Wei-Yu WU, Ching-Wee LIN and When-Chi LAI	6	939	952
Experimental Study of Fracture and Friction under the Conditions of the Deep Fault Zone: A New Gas-medium, High-pressure and High-temperature Apparatus ( Original Article ) .....	Koji MASUDA and Takashi ARAI	6	953	960
Physicochemical Interpretation of Time-dependent Healing of Frictional Strength: A Quantitative Analysis with Absolute Rate Theory ( Original Article ).....	Masao NAKATANI	6	961	969
Investigation of Critical Behavior in Basalt-H <sub>2</sub> O System Using High-pressure and High-temperature X-ray Radiography ( Original Article ) .....	Kenji MIBE, Masami KANZAKI, Tatsuhiko KAWAMOTO, Kyoko MATSUKAGE, Yingwei FEI and Shigeaki ONO	6	970	978

High-Velocity Friction of Faults and Earthquake Generating Processes: Current Status and Future Perspectives ( Original Article )		
.....Toshihiko SHIMAMOTO, Takehiro HIROSE, Kazuo MIZOGUCHI and Hiroyuki NODA	6	979 999
Obituary		
Memorial Address of Dr. Masayuki KIKUCHI.....Junzo KASAHARA	6	1000

### Short Article

Title	Author	Number	Page
Vegetation Succession in Response to Glacial Recession from 1997 to 2002 on Mt. Kenya			
.....Kazuharu MIZUNO		4	608 619

### Reports

Title	Author	Number	Page
Development and Fishing Areas of Pleasure Boats in Kasumigaura Region.....Daisuke SATO		1	95 113
The Development Process of Agriculture on Reclaimed Land in Hachirogata, Akita Prefecture			
.....Akio YAMANO		1	114 130
Degradation of Glaciers on Kilimanjaro, East Africa.....Kazuharu MIZUNO		4	620 622

### Notes

Title	Author	Number	Page
Development of Geosciences in Japan, 1924 to 1945 Part-3			
.....Editorial Committee of History of Geosciences in Japan ( Tokyo Geographical Society )		1	131 160

### Reports and Subsidiary Research in 2002

Title	Author	Number	Page
Tectonostratigraphic Division and Regional Correlation of the Sedimentary Complex of the North Kitakami Belt.....Shigeru OTOH and Migiwa SASAKI		3	406 410
Comparisons between the Leaf Area Indices Estimated by a Fish-eye Lens and Those Observed by the Plant Canopy Analyzer ( LAI-2000 )......Hiroshi MATSUYAMA,			
.....Yasushi FUJIWARA, Yuichi SHIMAMURA, Takeki IZUMI and Daichi NAKAYAMA		3	411 415
A Comparative Observation of Geomorphological Features and Geological Structure by Gravitational Deformation in Mountain of Sedimentary Rock and Granite			
.....Kuniyasu MOKUDAI		3	416 418
Heat and Water Circulations between Atmosphere and Land-surface Affecting Climate Environments in High Mountain Area of Central Japan			
.....Yoshihiro IJIMA and Masato SHINODA		3	419 422
Geological and Geomorphological Environmental Studies on the Cause of an Appearance of Basin-wide Arsenic Toxicosis in the Hetao Plain, Inner Mongolia, China			
.....Takeo TAKANO, Tuyoshi FUZITA, Tadashi HASEGASWA, Cunrong GAO,			
Hisao TANAKA and Takahisa YOSHIMURA		3	423 428
Toward the Establishment of Stable Carbon Isotope Stratigraphy in the Cretaceous:			
Correlation between the Marine and Non-marine Beds.....Hiromichi HIRANO		3	429 430
Seasonal Variation of Hydroclimatic Conditions in Chichi-jima Island, the Ogasawara( Bonin ) Islands, as Related to the Establishment of Subtropical Dry Scrub			
.....Keiichiro YOSHIDA, Yoshihiro IJIMA, Hirokazu IWASHITA and Shuichi OKA		3	431 436

The 9 <sup>th</sup> International Conference on Accelerator Mass Spectrometry ... .. Toshio NAKAMURA	3	437 441
The 6th SEGJ International Symposium.....Satoru OHYA and Toshihiro UCHIDA	3	442 444

### Summary of the Earth Science Club Lecture

Title	Author	Number	Page
Water in the Crust and the Mantle: Circulation and Magmatism-Metamorphism			
.....Hikaru IWAMORI		1	169 170
Takeaki ENOMONO and the Renaissance of the Warship Kaiyo-maru ... .. Osamu NISHIKAWA		3	450 452
Two Topics of Takeaki ENOMOTO: The Making of <i>Ryusei</i> Swords from Shooting Star and the Report of the <i>Ryuseito</i> and Transcontinental Trip Across Siberia and the “ <i>Diary of Siberia</i> ”			
.....Takamitsu ENOMOTO		3	453 457
The Renaissance of the Kaiyo-maru, The Last Warship of the Tokugawa Shogunate			
.....Fujio ISHIBASHI		3	458 461
The Breakthrough of the Long and Large Diameter Shield-driven Tunnel under High Water Pressure in constructing of the Trans-Tokyo Bay Highway and the Metropolitan Area Outer Discharge Channel.....Ryoji KAWABATA		3	462 466
Monsoon Changes Since the Last Interglacial Period Viewed from Eolian Dust and Loess			
.....Toshiro NARUSE		5	794 799

### Pictorials

Title	Author	Number
Clemonsynthetic Communities in the Japan Trench.....Yoshihiro FUJIWARA		2
Filament Shaped Fungi-like Structures Surrounded by Calcite in Basalt Sheet Flow Obtained by ODP Leg 200 Site 1224F..... Courtesy of Gabriela SCHUMANN-KINDEL, Michele LUSTRINO, and Werner MANZ.		
Captions by G. SCHUMANN-KINDEL and Junzo KASAHARA		2
Degradation of Glaciers on Kilimanjaro, East Africa.....Kazuharu MIZUNO		4
Recession of Tyndall Glacier in Mt. Kenya.....Kazuharu MIZUNO		4
Recession Rates of Kegon Falls in Nikko, Tochigi Prefecture, Japan		
.....Yuichi HAYAKAWA and Yukinori MATSUKURA		4
Timing and Displacement of the Most Recent Surface Faulting on the Hatano Fault of the Median Tectonic Line Active Fault System, Southwest Japan		
.....Hideaki GOTO, Hiroyuki TSUTSUMI and Shinji TODA		4
Field Occurrence of the Ancient Plateau/seamount-top Limestone in the Gorny Altai Mountains, Southern Siberia ... .. Yuko UCHIO, Yukio ISOZAKI, Mikhail M. BUSLOV, Tsutomu OTA, Atsushi UTSUNOMIYA and Shigenori MARUYAMA		4
Photograph Showing a Transition between Mantle Peridotite and Overlying Layered Gabbro Exposed at a Steep Cliff of the South-western Atlantis Bank ( Dive 649, Shinkai 6500 )		
.....Takeshi MATSUMOTO, Sumio MIYASHITA, Shoji ARAI, Tomoaki MORISHITA, Jin-ichiro MAEDA, Hidenori KUMAGAI, Yukiko OHTOMO and Henry J.B. DICK		5
Quaternary Volcanoes in Northeast Japan and Schematic Diagram Showing Hot Fingers in the Mantle Wedge.....Yoshihiko TAMURA		5
Samples after the Deformation Experiments and Frictional-Slip Experiments under High-Temperature and High-Pressure Conditions		
.....Takashi ARAI, Koji MASUDA and Koichiro FUJIMOTO		6
P-wave Velocity Structures of the Izu-Bonin Trench and the Japan Trench Subduction Sones and Mapping of PP Reflection Intensities in the Seismic Zone Over the Japan Trench Forearc Slope.....Junzo KASAHARA		6
Experimental Simulations of Shale Smear Using Natural Sand-shale Interbedded Specimens		
.....Miki TAKAHASHI		6

## Front Cover

Title	Author	Number
Unconformity at Siccar Point, Southeastern Scotland.....	Motomaro SHIRAO	1
Filament Shaped Fungi-like Structures Surrounded by Calcite in Basalt Sheet Flow Obtained by ODP Leg 200 Site 1224F.....	SCHUMANN-KINDEL, Gabriela, LISTRINO, Michele, MANZ, Werner and Junzo KASAHARA	2
Silurian Reef Limestone of Gotland, Sweden.....	Motomaro SHIRAO	3
Landscape of the Gorny Altai Mountains, Southern Siberia.....	Yukio ISOZAKI	4
Distal View of “ 5 o'clock Moho ” at Oman Ophiolite.....	Katsuyoshi MICHIBAYASHI	5
A Strong Seismic Reflection from the Top of the Subduction Oceanic Plate in the Japan Trench and the Possible Non-aseperity at the Plate Boundary.....	Junzo KASAHARA	6
