

Public Forum Event in the third UN World Conference on Disaster Risk Reduction in Sendai
Exhibition on disaster risk reduction and reconstruction
"National Diet Library Great East Japan Earthquake Archive (HINAGIKU)"

The [UN World Conference on Disaster Risk Reduction](#) has been held by the United Nations with an aim to discuss the international disaster risk reduction strategy. The first conference was held in Yokohama in 1994 and the second in Kobe in 2005. The third conference will take place in Sendai, the largest city in the Tohoku region, which was affected by the Great East Japan Earthquake of 2011.

The National Diet Library (NDL) will present the [NDL Great East Japan Earthquake Archive \(HINAGIKU\)](#) in the exhibition on disaster risk reduction and reconstruction to be conducted as a side event of the Conference. HINAGIKU is a portal site for the comprehensive search of sound recordings, videos, photos, web information and other materials related to the Great East Japan Earthquake. We are looking forward to your visit to the exhibition.
